

December 27, 1959

Mr. Birt Gardner  
Secretary  
Central Committee  
Mount Carmel, Utah

Dear Mr. Gardner:

Reference is made to your letter of April 2, 1959 in which you requested that a distribution system be established on the East Fork of the Virgin River.

Because of the lateness of the season and a heavy work load, we were unable to carry out your request. We however agreed to aid your group in establishing a distribution system for 1960.

Water problems seem never to cease to exist. If the water users are getting along on a cooperative basis; and you now wish to continue on such a basis, would you let us know?

If you still wish to organize a distribution system, you should get together a committee that represents all the water users to facilitate the necessary planning and arrangements. We will await your reply before proceeding, as we wish to follow your request in this matter.

Yours very truly,

*Harold C. Norseth*  
Donald C. Norseth  
District Distribution Engineer
